EDITRADE®
Web Services

Website Design and Hosting Solutions

Are you Ready for the NET?

With access to EDITRADE's advanced Internet solutions services, you will be online almost instantaneously. By providing existing and potential customers with Web services tailored to your business model, you can increase your local, national or global market reach. Through an easy-to-use content management tool and access to our template and graphics library, you can create your own "look-and-feel" website.

By utilizing MSSSI Web services, you have the comfort of knowing the industry leader in Customs automation is here to support you now and in the future as Internet technology and Net utilization expands.

Choose your Internet package:

- ❑ **Standard** – Includes Your.com domain registration, up to 7 static Web pages, 5 email addresses, basic counter, online content manager, images library, hosting, maintenance and more.
- ❑ **Premium** – Your.com domain registration, up to 20 enhanced Web pages, 10 email addresses, advanced counter and reporting, online content manager, images library, hosting, maintenance and more.
- ❑ **Custom** – Includes all Premium package features plus advanced Web page design assistance including flash, site search, database connectivity, custom graphics, search engine submissions and much more...

Integrates well with our **EDITRADE® Tracker** product.

Whichever package you choose, your site will be up and running on the Net in no time.

Now you are Ready for the NET.
