

America Chamber of Commerce Announces New Business to Business Services for Its Members

America Chamber of Commerce announces that AmericaChamber.com launches a new website loaded with features and promotional tools allowing small to large sized businesses to expand their market share locally, regionally, nationally and internationally.

Las Vegas, NV (PRWEB) June 13, 2005 --The America Chamber of Commerce (AmericaChamber.com) is proud to announce a new Website for existing and new members to expand their business services or products reach online.

Since inception, America Chamber has been instrumental in assisting businesses reach and expand their global presence at low cost.

The Board of Directors consists of a talented and diverse group of industry leaders with real-world professional business experience; the AmericaChamber.com team is founded on the principal of growing Business to Business and Business to Consumer relationships.

"Each director brings experience and knowledge in small, medium and large sized businesses which all members have access to. Startup owners and veteran business mentors will find value in our Chamber services. Whether it's how to effectively market your product or services, how to make your business standout online, or where to go for state and federal assistance, frequently asked questions such as these and more are answered by our dedicated staff and by our members' premier articles and business content," states Jack Miller, President and CEO.

Some of the advantages of Chamber membership include:

Features

- Business directory listings available in all 50 states
- Your business logo and contacts posted online
- Newsletters automatically delivered to your email
- Members-only business resource content

Benefits

- Networking opportunities with other members
- Advertising opportunities
- Reach local, regional, national, and international markets
- Access to a growing online Business network unlike any other

"With the power of ke solutions providing these invaluable features to our members, we've proven we can not only support the America Chamber of commerce business network, but also infuse our fundamental business designs into our members' own business models and websites," said Lorin Morar, creator of ke and VP Software Development for AmericaChamber.com
